

BURLINGTON IS WAVERING

Management Demands Better Patronage

OR TEAM WILL DISBAND

Both Games in the Vermont League Were Called Off Yesterday Because of Rain—Intercity Comes Home To-day.

Both games in the Vermont league were interrupted with rain yesterday afternoon, no start being made at Plattsburgh with Barre-Montpelier and only two innings being played in Burlington between Burlington and Manchester. The Intercity team plays Manchester on the local grounds this afternoon at 4:15 o'clock sharp, and to-morrow at the same time and place, following the Woodmen's log-rolling at the park. The score at the end of the two innings in Burlington yesterday was 1 to 0 in favor of the home team. There was only a small crowd present and the management threatens to disband the team if the patronage is not better to-day and to-morrow when Plattsburgh plays there. If Burlington drops out it would probably mean the wind-up of the league. It is hoped that the Queen Cityites will stick.

KING EDWARD WANTS TO MEET MARK TWAIN

Humorist Will Attend Garden Party at Windsor Castle.

London, June 21.—Mark Twain (Samuel L. Clemens) has accepted an invitation to attend a garden party at Windsor Castle on Saturday, when King Edward will entertain 8,000 guests as a birthday to the Asot, race meeting. His majesty has expressed a desire to meet the American humorist, and as his time is short at Windsor on account of the number to be received it is possible that a private audience will be arranged.

BAD BLOOD

"I had trouble with my bowels which made my blood impure. My face was covered with pimples. No external remedy could remove them. I tried your Catarrh and took one box and my bowels were regular and my face clear. I have recommended your Catarrh to all my friends and quite a few have found relief."

HARVARD IN THE TENTH

Defeated Blue Rival in Base Ball, 2 to 1

BEFORE IMMENSE CROWD

White Sox Immediately Got After the Ex-Collegian and Batted Out a Victory in Ninth, 2 to 0—Pruitt Was Pitching Good Ball.

Cambridge, Mass., June 21.—Harvard took the first ball game from Yale, 2 to 1, yesterday afternoon in ten innings, while an immense crowd cheered itself hoarse. Harvard pitched better ball than his blue opponent, Van Vleet, and deserved the victory. Some fine playing was mixed in with very poor playing.

For six innings the collegians saved away but neither could get a run across the plate. In the seventh Yale got across one. "Tad" Jones singled and went to second on Camp's sacrifice. Cushing's single brought Jones in with what proved to be Yale's only tally. The next two men in the inning were easy outs.

Harvard tied up the game in the next inning. Dexter placed a single in right field and Chapin tried to sacrifice, but got first base instead, both runners being safe. Simon filled the bases by beating out a bunt. Harvey died out to the catcher, but Pounds, who went to bat for Dana, singled and scored Dana. Pounds got caught off first and McCall was the third out at the plate.

The winning tally came in the tenth inning. Currier started with a single to right field. Dexter forced him at second. McCall assumed over the right fielder's head and Dexter went to third, scoring a moment later on Chapin's wild throw.

The score: 1 2 3 4 5 6 7 8 9 10
Yale 0 0 0 0 0 1 0 0 1
Harvard 0 0 0 0 0 0 1 0 1 2

Summary—Hits, Harvard 13, Yale 6; struck out, by Hartford 5, by Van Vleet 6; base on balls, by Van Vleet 3; stolen bases, Kinney, Dexter, Leonard, Dana; errors, Sims, Camp; hit by pitcher, Dana; double play, Dexter to McCall.

Butter's Rival

"Beaten by a Frenchman in the discovery of a substitute for butter, the American has now far outstripped his scientific rival across the sea in turning that discovery to commercial uses. One result is that American manufacturers

are shipping hundreds of tons of oleomargarine back to the land of its origin every year, and selling it there cheaper than the Frenchmen themselves can make it. Chicago is now the center of the oleomargarine industry of the world." So writes Fred Haxton in the Technical World Magazine for June in describing the manufacture and trade in this much maligned product. The article is well worth reading.

First Rule of Health

Ask your doctor, "What is the first great rule of health?" Nine doctors out of ten will quickly reply, "Keep the bowels regular." While you are about it, ask him another question, "What do you think of Ayer's Pills for constipation?" We are willing to trust him. Are you? We have no secret. We publish the formulas of all our preparations.

BABY'S DREADFUL CASE OF ECZEMA

Extended Over Entire Body—Mouth Covered With Crusts as Thick as Finger Which Would Bleed and Suppurate—Disease Ate Large Holes in Cheeks—Hands Pinned Down to Stop Agonized Scratching—Three Doctors' Best Efforts Failed to Give Relief.

BUT CUTICURA WORKS

A MIRACULOUS CURE

"When my little boy was six months old he had eczema. The sores extended so quickly over the whole body that we at once called in the doctor. We then went to another doctor, but he could not help him, and in our despair we went to a third one. Matters became so bad that he had regular holes in his cheeks, large enough to put a finger into. The food had to be given with a spoon, for his mouth was covered with crusts as thick as a finger, and whenever he opened the mouth they began to bleed and suppurate, as did also his eyes. Hands, arms, chest, and back in short the whole body was covered over and over. We had no rest by day or night. Whenever he was laid in his bed, we had to pin his hands down, otherwise he would scratch his face and make an open sore. I think his face must have festered most fearfully."

"We finally thought nothing could help, and I had made up my mind to send my wife with the child to Europe, hoping that the sea air might cure him. Otherwise he was to be put under good medical care there. But, Lord be blessed, matters came differently, and we soon saw a miracle. A friend of mine found about Cuticura. We made a trial with Cuticura Soap, Ointment, and Resolvent, and within ten days or two weeks we noticed a decided improvement. Just as quickly as the sickness had appeared it also began to disappear, and within ten weeks the child was absolutely well, and his skin was smooth and white as never before."
